Moleskin Straps & Splints

Plantar Fascial Straps (Moleskin)

Body of strap functions to shorten the distance of the Plantar Fascia (by attaching in 2 places: at back of heel and at metatarsal heads)

\$84.95 pack of 100
Item# J-60-100

\$52.95 pack of 100
Item# J-59

- Can use in place of Low-Dye Strapping
- Only this ONE strap of moleskin
- Modify easily with Scissors
- Single-use application. Can be worn more than a day at a time. Re-apply a new strap if it gets wet in the shower
- For use in all shoe types

(remember moleskin has the tensile strength of 10 pcs of tape)

Tips to Apply

- Apply "T" portion of strap to lower back of heel at Achilles Tendon Insertion. Do not place too high as the "T" portion of the strap will pull and tug on the Achilles tendon
- Depending on severity of soreness...apply in neutral position for mild to moderate soreness and supinate foot (bring toes towards nose) for severe soreness
- Apply other end to metatarsal heads, doesn't matter how proximal or distal just as long as it's **AT** the met. Heads
- It's best to apply pre-tape adherent to foot before moleskin strap. this ensures longer placement.

Trim excess if too long at met heads

Bi-plane or Parallel Strip Padding Re-distributes weight and pressure away from painful areas, lesions, metatarsal heads. The strips act as a buttress and encourages the flow to follow the line of least resistance and distributes pressure to the pad itself.
Note the significance of the directions of the strips in the diagrams

Great for Ulcers. Remember the key to ulcers is OFFLOADING

Plantar Fasciitis • Heel Pain • Metatarsalgia • Foot or Leg Pain • Neuromas • Leg Fatigue • Bunions • Arch Support

- Great low cost alternative to prescription orthotics and can be ordered in a variety of styles
- Our full length include shock absorbing foam/poron & vinyl leather top cover to provide long lasting comfort and superior durability all the way to tips of toes.
- All can be modified with extrinsic posting, met pads or any other extra desired accommodative modifications
- All are heat moldable if desired. We recommend you try them just the way they come out of their package first and you'll be surprised most times they are the perfect accommodation just the way they are.
- Super-thin, Lightweight, yet sturdy and durable. Can be modified and heat molded
- Choose Men's sizes: 6,7,8,9,10,11,12,13,14,15
Women's sizes: 5,6,7,8,9,10,11,12
- Type: 1/2 length or full length. (1/2 length is also like a 3/4 length)
- Perfect Heel Cup: not too shallow or deep
- Posting: Choose Un-posted or Posted on the full length
- **The perfect rigidity and design: Too rigid of an orthotic doesn't let the arch move down to fully handle the shock of foot striking..... on the flip side, too soft cannot prevent the arch from flattening while walking**

Jill's Memory-Mold Insoles

Item # Memory Mold + Size (Women or Men)

Best Seller!

- Made with **Memory Foam** for a memory fit from heel to toe.
- Forms a custom fit and comfort - ideal soft tissue replacement
- Forms to the shape of your foot
- Adjusts to your patients unique footprint with every step
- Trim to fit at toes
- **One size Women's: 5-10 / One size Men's 8-13**

These insoles automatically off-load. Plantar bony prominences make impression in memory foam. What's even better is that shows you where the bony abnormality is on your patient if you want to further off-load and place aperture pads or off-loading material onto the insole.

Dr. Jill's Foot Pads - Premier Gels

Premier Gels are super soft Gel Foot Pads made from Silicone. They are Double Thick and have that great "powdery" not sticky feel

Gel Toe Spreaders with Flat Top Item# P-1 Flat + size Premier Gels

Flat top helps to hold in place better

Soft Silicone Gel Toe Spreaders have extra gel padding on the top and bottom that covers the toes to help hold the toe spreader in place and provide added protection from corns, calluses, and blisters caused by overlapping and rubbing of toes.

Which size should I get?

The main difference in these spreaders is the height.

There is only a small difference in thickness's of the central portions. They are used mainly for spreading the 1st toe from the 2nd toe but can also be used for spreading all other toes.

4 per package	
Small	\$7.95
Medium	\$8.50
Large	\$8.95

Gel Toe Spreaders - Hourglass Shaped Item# P-1 Hourglass + size Premier Gels

Regular Wide - Item# EC-1 + size

Extra Wide - Item# P-1 Hourglass + size

- Soft Silicone Gel Toe Spreaders fit between the first and second toes to help maintain proper alignment. This reduces friction and irritation.
- Use after surgery to assist MPJ positioning.
- Can be used to alleviate overlapping and rubbing of toes.

Premier Gel Wide

4 per package	
Small	\$7.95
Medium	\$8.50
Large	\$8.95

Double Thick
Premier Gel

- Made from silicone gel, these **All Gel Toe Caps** help to protect hammertoes, claw toes, & mallet toes against friction & pressure due to walking & standing.
- Since they are closed on one end they are excellent for cushioning the tips of toes. Double Thick Gel at tip and entire cap.
- All Gel Toe Caps can also be used to soothe ingrown toenails and recessed toenails.

These All Gel Toe Caps are GREAT because they are a lot more "stretchy", and less compressive than other Gel Toe Caps that you have seen and also have **double thick Silicone gel**.

Premier Gels

Why Toe Caps?

- They reduce discomfort associated with ingrown toenails
- Provide general support and protection to toes and tips of toes
- Prevents blisters, rubbing, irritation and toenail loss.
- Great at providing a barrier between the toe and the shoe.
- Suitable for most shoe types
- Washable and reusable

Pointy

Ball Nose

Why Ceramic Burs?

- **No heat.** Don't get hot. Much more comfortable for patients. Can stay on thick nails (and skin) for length of time needed. *(Also ideal for calluses)*
- **Easier to clean** as debris slides right off. Usually even nail polish.
- **Vibration free**

Note: Burr banding colors subject to change with dye lots

Diamond Burs

\$9.99 each
